*ASPSN 2011*
President’s Message

I want to welcome each of you to the wonderful “Mile High” city of Denver. I am so excited about each of you being able to come and enjoy the wonderful 37th Annual ASPSN Convention: Compassion, Integrity, and Teamwork: A Tribute to ASPSN Excellence. We have a wonderful, informative and comprehensive program planned for you which will include multiple meeting opportunities, educational offerings and a chance to mingle and network with each other. The 2011 SSPC has worked diligently to provide a program to meet all your needs, but we are so excited that we can provide some new and exciting educational opportunities such as a Wound Care Dressing Workshop, and an ASPS/ASPSN Aesthetic Colloquium, just to mention a couple.

This has been a year of transition for ASPSN, but we are so pleased and excited to have a partnership with our new management firm: Professional Relations and Research Institute, Inc (PRRI). This decision to partner with PRRI was made for you as members of ASPSN with compassion, integrity and true teamwork, and is a shining example of ASPSN Excellence!

While you are here at an elevation of approximately 5200 feet in the Rocky Mountains take time to enjoy yourself and enjoy the sunshine and wonderful temperatures! Denver is known for its microbreweries and wonderful choices of food. Denver downtown has been ranked as the fourth most walkable downtown in the nation. You can save on shoe-leather by riding the free shuttle bus to the 16th Street Pedestrian Mall or to Larimer Square; it makes everything downtown easy to reach. Some top attractions include the Red Rocks Amphitheatre and Park, the Denver Art Museum, the Denver Zoo, and the Denver Museum of Nature & Science.

Once again, I am so excited each of you took the time, effort and money to invest in this educational meeting! If there is anything I can do for you please feel free to contact me at anytime; I am here for you! Reach out, grab on, and hang on for a great meeting!!!!

Enjoy the convention and Denver!
Sharon Fritzsche, MSN, RN, FNP-BC, CPSN
ASPSN President 2011-2012

Scientific Sessions Planning Committee Welcome

Welcome to Denver-The Mile High City!

Denver, at 5,280 feet above sea level, is a dynamic city full of diverse cultures and Wild West history, and is nestled in the foothills of the majestic Rocky Mountains. Denver, one of the most outdoors-loving cities, boasts a rich montage of sights, sounds, smells, and flavors. A number of museums and educational facilities showcase the arts and history of Denver’s various peoples and traditions as surrounding eclectic neighborhoods fill the city with authentic restaurants and an array of cultural celebrations. There is always something invigorating to do in this most energetic city.

As Program Chair of the 2011 American Society of Plastic Surgery Nurses 37th Annual Convention, I warmly welcome you to the mile-high city and believe the efforts put forth by your 2011 Scientific Sessions Planning Committee will not disappoint you. The members of the committee worked tirelessly to focus on this year’s theme of “Compassion, Integrity, and Teamwork: A Tribute to ASPSN Excellence.” Their diligent efforts produced an outstanding and robust program, and this year’s content sincerely reflects the many reasons why the ASPSN annual meeting is North America’s most premier nursing convention in the country.

Besides being held in beautiful Denver with its many activities beyond the classroom, you will hear from nationally recognized speakers, learn about the latest in research and practice, and have a chance to meet new colleagues, and renew acquaintances and friendships not only in the education sessions, but at the bar - where, by the way, I plan on being most of the week!

This year, we have provided multiple opportunities to reinforce, as well as challenge, your current practice. Of particular note, the committee has supplemented the Concurrent Sessions (Aesthetics, Reconstructive, and Management/Leadership) with a Master Track break-out option for those who would like to scale new heights in plastic surgery nursing knowledge while in the mile high city.

As always, do not forget to visit our exhibitors and poster presentations at the Westin Denver Downtown-convention headquarters. And remember, your registration will give you access to the Colorado Convention Center where the American Society of Plastic Surgeons have their exhibits.

I truly hope you will enjoy your experience in Denver, and further your education as we continue to fulfill the mission of the ASPSN.

Best Regards,
Georgia Elmassian, M.A., R.N., C.P.S.N., C.F.L.E.

About ASPSN

Plastic surgical nursing is a diverse multidisciplinary field that encompasses various practice settings and educational backgrounds including pediatric reconstruction, skin care, aesthetics, burns, adult reconstruction, craniofacial, operating room, post anesthesia care, office settings, management and includes nurse injectors, independent practitioners, advanced practice nurses, nurse educators, physician assistants, surgical technicians, licensed practical nurses, and industry. ASPSN will help you enhance your practice by providing information on current trends, patient safety initiatives, and legislative updates. ASPSN encourages members to take full advantage of the many benefits membership has to offer. From continuing education and discounts on educational opportunities, publications, and certification to free special interest discussion groups, ASPSN has something for everyone.

Mission Statement

The mission of ASPSN is to employ education and research to promote practice excellence, nursing leadership, optimal patient safety, and outcomes by using evidence-based practice as a foundation of care.

ASPSN accomplishes its mission by

➔ Developing the highest standards of plastic surgical care
➔ Enhancing professional growth and leadership through education and research
➔ Providing a support structure for members
➔ Promoting interdisciplinary collaboration with others who support ASPSN’s mission and philosophy
➔ Serving as a resource for other healthcare professionals
➔ Promoting opportunities for networking and collaboration among like-minded individuals
➔ Legislative and advocacy involvement

---

Protect your patient’s investment
Better, faster results. Happier patients.

Medical Barrier Cream is clinically proven** to normalize barrier function by 89% in 45 minutes.

Enriched Firming Mask quickly calms post-treatment skin, reduces the itching and provides a boost of hydration and firming power.

And patients preferred the feel and ease of application over traditional post-procedure ointments.

Visit the Epionce booth at ASPS #843 for samples!

Your patient can recover 5-6 days faster*!

*Faster than using traditional post-procedure ointments following similar treatment strength
**For summaries on all our clinical studies, visit www.epionce.com.
Goals of the 2011 ASPSN Convention
➔ Develop skills to improve patient safety and outcomes
➔ Network with peers on issues of common concern
➔ Increase knowledge of trends and issues
➔ Increase awareness of evidence-based practice in plastic surgical nursing

Convention and Session Evaluation Forms
In your registration packet you will find overall convention and session evaluation forms. Please carry these forms with you during the convention. At the conclusion of each attended session, please take the time to complete an individual session form. Write the session number on the evaluation forms for the session you are evaluating. All session objectives can be found in the convention program guide and this schedule. In addition, please evaluate the overall convention by completing the Overall Convention Evaluation Form. We value your opinions and suggestions on how we can make the convention more successful in the future.

Contact Hours
An application has been submitted to the Georgia Nurses Association for approval of 27.5 contact hours. Please contact the ASPSN for more information.

Contact Hour Certificate
*NEW THIS YEAR
Evaluations for the Annual Convention will be conducted through an online survey. The survey will be sent to all meeting attendees by Monday, October 3rd. Once you complete the brief survey, you will be able to retrieve and print out your Certificate for your attendance at the Annual Convention. Please be sure the Association has your current e-mail address. If you need to update your e-mail address, please complete the form in the back of the program book and return it to the registration desk.

Important Continuing Education Notes
➔ You must be registered for this activity and complete the post meeting survey.
➔ You must be present no later than five (5) minutes after starting time of each session.
➔ You must remain until the scheduled ending time of each session attended.
➔ The post meeting survey must be completed in full in order for the credit to be awarded and contact hour certificate be printed.
➔ Keep a record of your contact hours for a period of five (5) years

Disclaimer
The American Society of Plastic Surgical Nurses (ASPSN) requires all instructors, planners, reviewers, managers, and other individuals in a position to control or influence the content of an activity to disclose all relevant financial relationships or affiliations. All identified conflicts of interest must be resolved and the educational content thoroughly vetted by ASPSN for fair balance, scientific objectivity, and appropriateness of patient care recommendations. The ASPSN also requires faculty/authors to disclose when off-label/unapproved uses of a product are discussed in a CE activity or included in related materials.
ASPSN Special Events

ASPSN FUN RUN  
Sunday, September 25  5:30 p.m.

ASPSN Community Service Project  
The Make-A-Wish Foundation of Colorado, Inc. grants the wishes of children with life-threatening medical conditions to enrich the human experience with hope, strength and joy. Since being founded in 1983, the chapter has granted more than 3,500 wishes to eligible Colorado children. The Colorado chapter is part of the largest wish-granting organization in the world, with 64 chapters in the United States and its territories, along with 27 international affiliates on five continents. Please join us on Sunday, September 25 for the ASPSN Fun Run/Walk. The money our society raises will be donated to the Make-A-Wish Foundation. Not only will you have a LOT of fun, you will also make a huge difference in some child’s life. Thank you for helping to share the power of a wish. You have given the gift of hope, strength and joy.

ASPSN Welcome & Formal Opening of 2011  
Saturday, September 24  8:00 a.m. – 9:00 a.m.

ASPSN Meet & Greet Reception  
Saturday, September 24  7:00 p.m. – 8:30 p.m.

ASPS Opening Ceremonies  
Friday, September 23  4:30 p.m. – 6:30 p.m.
Location: Colorado Convention Center

ASPS Welcome Reception  
Friday, September 23  7:00 p.m. – 9:00 p.m.
Location: Denver Museum of Nature & Science

GENERAL INFORMATION
Please take a moment to read the following:

Registration:  The registration schedule for the convention is as follows:
Thursday, September 22  12:00 p.m. – 6:00 p.m.
Friday, September 23  12:00 p.m. – 5:00 p.m.
Saturday, September 24  7:00 a.m. – 5:00 p.m.
Sunday, September 25  7:00 a.m. – 5:00 p.m.
Monday, September 26  7:00 a.m. – 5:00 p.m.
Tuesday, September 27  7:00 a.m. – 5:00 p.m.

Name Badges:  When attending convention events, please wear your name badge to indicate clearly that you are a participant at the ASPSN Convention and to assist others in getting to know you.

ASPSN Staff:  The ASPSN staff is available for questions regarding the convention schedule, exhibitor displays, evaluations, and directions, and they are open to suggestions and recommendations on ASPSN products and services.

ASPSN on-site staff:  
Lindsay DeSantis  Executive Director
Crystal Beatrice  Meeting Manager
Jillian West  Meeting Manager
Allison Swanson  Meeting Coordinator
Yvonne Grunebaum  Director of Industry Relations

Poster Sessions:  Posters will be on display in the Continental Foyer from Saturday, September 24 until Monday, September 26. Poster presenters will be available to answer questions pertaining to their posters during coffee break times on Saturday. Poster judging will be held on Saturday from 4:00 pm-5:00 pm in the Continental Foyer.

Messages:  Messages will be received by hotel staff and relayed to the ASPSN staff. You will be notified immediately if there is an emergency. Otherwise, if you are expecting a communication, check the message board located in front of the registration desk. A message board will be located in the registration area for messages, posting information, and networking.

</table>
THURSDAY, SEPTEMBER 22:

12:00 p.m. – 6:00 p.m.  CPSN Review Course
Marcia Spear DNP, ACNP-BC, CPSN, CWS

FRIDAY, SEPTEMBER 23:

8:00 a.m. – 5:00 p.m.  ASPSN Board Meeting
8:00 a.m. – 12:00 p.m.  CPSN Exam
10:30 a.m. – 12:30 p.m.  Core Essentials of a Successful Non-Surgical Practice (at CC)
Melanie Balestra, RN, MN, NP, JD
Marie Czenko Kuechel, MA
Dawn Sagarillo, BSN, RN, CPSN
Jill K. Jones, RN, CPSN
Rebecca Anderson, PhD
Jason Pozner, MD, FACS
*NOTE: Registration is run through the ASPS

Objectives:
- Identify the medical and legal components of a non-surgical aesthetic practice.
- Discuss effective marketing principles and practices to promote a successful non-surgical aesthetic practice.
- Comprehend and implement an all-inclusive aesthetic consultation.
- List the indicators for the potential problem patient.
- Describe the use of multiple modalities of treatment in non-surgical aesthetics.

In cooperation with ASPSN:
Designed for the Plastic Surgery Team
This compact and intensely robust two-hour workshop will detail, outline, and explore the basic practice components critical for the thriving non-surgical aesthetics practice. The principles and practices shared in this program will be delivered by a team of expert professionals and highly successful practitioners from this specialized discipline. Upon completion of this workshop, the practitioner will take away proven methods to enhance a new or existing non-surgical aesthetics practice.

Continuing Nursing Education: This activity has been submitted to the Georgia Nurses Association for approval to award nursing contact hours. The Georgia Nurses Association is accredited as an approver of continuing nursing education by the American Nurses Credentialing Center’s Commission on Accreditation.

1:00 p.m. – 4:00 p.m.  Wound Care Dressing Workshop:

Touch, Feel, and Learn
Facilitator: Amanda Bailey, ACNP-BC, CWS, CPSN
Kathleen M. Berry, FNP-BC; MSN, BSN, CWON, 3M
Natalie Duperrault-Rohde, BSN, RN, KCI
Karen Winn, RN, MSN; Smith & Nephew
Judy Placek, MSN

Objectives:
- Identify the correct dressing and skin care products provided by 3M appropriate for different wound beds.
- Describe the role of compression in treating LEVD.
- Identify different dressing provided by KCI.
- Knowledge of KCI WoundVAC and new products available for Clinical Use.
- Describe a brief overview of the indications for and appropriate use of the dressing products provided by Smith & Nephew.

Demonstrate appropriate application of the dressing products and Negative Pressure Devices provided by Smith & Nephew

SATURDAY, SEPTEMBER 24:

8:00 a.m. - 9:00 a.m.  Welcome & Formal Opening of 2011
9:10 a.m. – 10:10 a.m.  General Session I
Fundamental of Gender Reassignment
William M. Kuzon, Jr., MD, FACS, PhD

Objectives:
- To explain the clinical presentation and overall management plan for patients with gender identity disorders.
- To discuss the surgical management of patients with male to female gender disorder.
- To discuss the surgical management options for the management of female to male gender identity disorder.

10:10 a.m. - 10:20 a.m.  Break
10:20 a.m. - 11:20 a.m.  General Session II
A Team Approach
Thomas Kinney, MD, FACS
Cynthia L. Leu, BSN RN, CPSN
Melissa Fisher, ST/SA

Objectives:
- Recognize how effective “team work” can improve surgical outcomes for the patient and the physician.

11:30 a.m. - 1:00 p.m.  Roundtable Discussions & Lunches
Advances in Skin Care Treatments and Daily Care
Barbara Dugas, BS, RN, CPSN

Objectives:
- Discuss the various approaches to skin care depending on condition.
- Identify the pros and cons of the new and older products and treatments.

Fundamentals of Neurotoxins & Dermal Filler Treatments
Haley Wood, MSN, WHNP, CPSN

Objectives:
- Describe the current toxins used for cosmetic purposes.
- Recite MOA of toxins.
- Report difference between toxins and dermal fillers.
- Discuss types of fillers on market and on/off indications.

Limiting the Potential for Chemotherapy Induced Alopecia
Gerrie Obi, RN, CPSN

Objectives:
- Describe and explain the premise of Penguin Cold Capi
- Explain the protocol and use of the Penguin Cold Capi during Chemotherapy
  a. before infusion
  b. during infusion
  c. immediately post infusion
- Alternate choices for reducing the potential for alopecia during the course of infusion chemotherapy.

The Importance of Certification
Darlene Jumpp, BSN RN, RNFA, CNOR, CPSN
Christine Brajkovich, BSN, CNOR, RNFA, CPSN
Jacqueline Frazee, BSN, CNOR, RNFA, CPSN
Jo Ann Garofalo, BSN, RN, CPSN
Renee Hinojosa, MSN, RN, CPSN
Sheri Levin, BSN, RN, CPSN

Objectives:
- Describe how having a certification promotes patient...
Compassion, Integrity, and Teamwork: A Tribute to ASPSN Excellence

safety and a higher level of quality patient care.
- Discuss how certification promotes personal growth and self satisfaction.

Hot Topics
Pat Terrell, MSN, CPNP, CPSN
ASPSN Past Presidents

Objectives:
- Discuss topics in the recent news concerning Plastic Surgery as a profession, Plastic Surgeons, and Plastic Surgery nurses.
- Share thoughts regarding changes that have occurred in the Plastic Surgery working environments over the past year.

Weight Changes and Growth Patterns
Linda Duffy, RN, CPSN, CPN

Objectives:
- Identify the postoperative feeding challenges following palatoplasty.
- Identify the expected changes based on the outcome of this study.

How to Get Involved with the ASPSN
Patricia McKenzie, BAS, RN, CPSN
Georgia Elmassian, M.A., RN, CPSN, CFLE
Cynthia Leu, RN, BSN, CPSN

Objectives:
- Explain the value of volunteerism.
- Discuss different venues of becoming active within their nursing specialty.

1:15 p.m. – 2:15 p.m. Concurrent Session I

Emerging Trends in Laser and Light Based Therapy
Barry DiBernardo, MD, FACS

Objectives:
- Recognize and distinguish the different technologies available in aesthetic treatment.

Facial Defect Reconstruction Following Cancer Resection
David L. Brown MD, FACS

Objectives:
- Identify and discuss issues surrounding reconstructive surgery with patients.
- Discuss likely outcomes and complications of defect reconstruction with patients.

Fire Safety in the OR and Other Procedural Areas**
Robert B. Dybec MS, RN, CPSN, CNOR

Objectives:
- Review basic fire safety information and discuss issues specific to fire safety and management in the operating room and other clinical procedural areas.
- Discuss the planning of fire and evacuation drills in the operating room.

Mastopexy Augmentation: Principles, Practice and Updates
Laurence T. Glickman MD, MSc, FRCS, FACS

Objectives:
- Describe selection process for mastopexy augmentation.
- Discuss complications and management of mastopexy.
- Identify current innovations and emerging techniques in the field of breast augmentation/mastopexy.

2:25 p.m. – 3:25 p.m. Concurrent Session II

The Art of the Aesthetic Consultation
Connie M. Brennan, RN, CPSN

Objectives:
- Describe “beauty”.
- Recognize the importance of the aesthetic analysis.
- Describe how to develop an aesthetic plan.

Stem Cells and Regenerative Medicine
Geoffrey Gurtner, MD, FACS

Objective:
- Understand different types of stem cells and how they may be used clinically.

Sorting Supplies
Cynthia L. Leu, BSN RN, CPSN

Objective:
- Recognize how supplies can be organized in a medical office.

Traumatic Facial Fractures
Kevin Kelly, MD, DDS

Objectives:
- Discuss the evaluation of traumatic facial fractures.
- Identify modalities of complex repair of traumatic facial fractures.

3:30 p.m. – 6:30 p.m. PSNCB Meeting
3:30 p.m. – 4:00 p.m. Break – Poster Viewing
4:00 p.m. – 5:00 p.m. Poster Judging
4:00 p.m. – 4:30 p.m. Pilates
4:30 p.m. – 7:00 p.m. Symposium

Supported by Paradigm Medical Communications, LLC
Noninvasive Injectables in Facial Aesthetic Therapy
7:00 p.m. – 8:30 p.m. 37th National Convention Meet & Greet Reception

SUNDAY, SEPTEMBER 25:

7:45 a.m. – 8:45 a.m. General Session III

Into Proportion: Total Body Circumferential Lipectomy in Women
David Teplica, MD, MFA
Selene Forkes, RN

Objectives:
- List disadvantages of standard SAL techniques for women.
- Describe the wound healing mechanism that can be harnessed to improve outcomes in SAL.
- Replicate the process of preop volume assessment & surface marking for total-body circumferential lipectomy.
- Outline safety parameters for total body intervention.
- Distinguish case with proportionate changes from those receiving localized care.

8:55 a.m. – 9:55 a.m. General Session IV

The Importance of Patient Safety and the Administration of Anesthesia in the Plastic Surgeon’s Office & Ambulatory Surgery Center**
Debra J. Faulk, MD, MS

Objectives:
- To recognize the importance of appropriate patient selection for office-based or outpatient sedation.
- To discuss the concept of sedation as a continuum and the potential for unintended deep sedation as a result.

10:00 a.m. – 10:15 a.m. Welcoming Remarks from ASPS President
Phil Haack, MD

The Westin Denver Downtown, Denver, Colorado
Perioperative Nursing Care Management for the Mommy Makeover
Henry G. Wells, MD

Objectives:
- List the procedures typically associated with a “Mommy Makeover”.
- Outline critical elements of a perioperative nursing care plan for patients undergoing a “Mommy Makeover”.

Volumetric Correction of the Aging Face with Poly-L-Lactic Acid
Burke Robinson, MD., FACS

Objectives:
- Discuss the principal of microsurgical breast reconstruction.
- Demonstrate the indications for TUG flap.

Roles of Nurse Providers of Nonsurgical Aesthetic Care in Plastic Surgery Practices
Susan M. Wells, MS, RN

Objectives:
- Describe behaviors critical to the successful interface of the surgical and nonsurgical service lines to optimize clinical and organizational outcomes.

Patient Safety in Office Based Surgery – Session II**
Rachelle Springer, MS, ARNP, CS, CPSN, LHRM

Objectives:
- Identify the anatomic deformities created by HIV.
- Recognize safety issues for patients and staff.
- Cite the disadvantages of injectable therapies.
- Outline an analysis and marking system for natural restoration of facial form.

Aesthetic Surgery of the Lower Face and Neck: How Anatomy, Artistry, and Advanced Techniques Make the Difference
Patrick K. Sullivan, MD, FACS

Objectives:
- Demonstrate how rejuvenation of aesthetic regions of the face and neck can be accomplished in a way that gives a beautiful natural result rather than an operative appearance.
- Discuss how teamwork is absolutely critical in providing the best patient care and in obtaining an optimal result.

Peri-Operative Management of Anticoagulation in the Surgical Patient***
Sean P. Kane, PharmD

Objectives:
- Compare and contrast the available anticoagulants and review their pharmacological properties.
- Provide recommendations for the pre- and post-operative anticoagulation management of surgical patients.

Current Concepts in Thumb Reconstruction
Kevin C. Chung, MD, MS, FACS

Objectives:
- Describe the indications and options for treating thumb injuries.

Laser Lipolysis: What Every Practitioner Should Know
Mark Blake, MD
Sue Kunz, BS, RN, CPSN

Objectives:
- Discuss the mechanism of laser lipolysis.
- Compare different liposuction techniques and outcomes.
- Identify the benefits and risks of laser lipolysis.
- Discuss the pre- and post-operative teaching and nursing care provided.

| 2:40 p.m. – 3:40 p.m.  | Concurrent Session V                                               | Mark Jewell, MD                         | **Objective:**  
- Identify the application of Toyota Production System & CRM (Crew Resource Management) within a medical practice.  
- Surgical Management of Arthritis of the Base of the Thumb  
  Steven C. Haase, MD, FACS  
  **Objectives:**  
  - To identify surgical treatment of basal joint arthritis including: presentation, preoperative workup, surgical options, postoperative care, and long term results.  
- Go Team Go! Empower Your Team to Maximize the Patient Experience in the Office Setting  
  Teresa Barroca, RN, MSN  
  **Objectives:**  
  - Identify the key touch points of the patient journey in the office setting.  
  - Describe how to use your staff most effectively at each point in order to enhance patient satisfaction.  
- Pearls and Pitfalls of Cranial Vault Remodeling  
  Helena Taylor, MD, PhD  
  Stephen Sullivan, MD, MPH  
  **Objectives:**  
  - Identify indications for and approaches to the correction abnormal head shapes in infants.  
  - Describe intraoperative complications and how to avoid them.  
- Service Mapping and Systems Management  
  Mary Lind Jewell, RPT  
  **Objectives:**  
  - Develop operational excellence through service mapping.  
  - To identify and improve operational excellence through systems management.  
- Traumatic Wound Reconstruction-A Truly Collaborative Approach  
  Ginger Mars, CCRN, MSN, NP-c  
  **Objectives:**  
  - Identify the members of the reconstructive team.  
  - Explain the reconstructive ladder for traumatic wounds.  
  - Discuss specific issues relevant to traumatic wound reconstruction.  
- Health Information Technology and the Electronic Medical Record: What Every Patient Care Provider Needs to Know  
  Paul S. Cederna, MD, FACS  
  Lynn Jeffers, MD  
  Loren S. Schechter, MD, FACS  
  **Objectives:**  
  - Identify the critical elements of the EMR and how they can be utilized to improve patient safety.  
  - Discuss the importance of medical logic modules within the EMR and how it can assist with patient care and improve patient safety.  
- Treating Post-Operative Delirium: A Review of Antipsychotics  
  Karen Berger, PharmD, BCPS  
  **Objectives:**  
  - Compare and contrast the pharmacologic agents available for the treatment of post-operative delirium.  
  - Review the data supporting antipsychotics for the treatment of delirium and provide a summary of recommendations.  
| 5:15 p.m. – 5:45 p.m.  | Pilates                                                              |                                         |                                                                                     |
| 8:00 a.m. - 9:00 a.m.  | Concurrent Session VII                                              | Jennifer Griffith, RN, NP-C             | **Objectives:**  
- Explain how to identify the appropriate treatment of spider veins  
- Identify the anatomy of the lower extremity venous system, assessment of treatment options, different sclerosants, and injection technique.  
- Pressure Sores and the Inter-Professional Team  
  John D. Bauer, MD  
  Linda G. Phillips, MD  
  **Objectives:**  
  - Discuss the definition, etiology, diagnosis and staging of pressure sores.  
  - Distinguish both the preoperative and postoperative challenges which are encountered in pressure sore patients.  
  - Outline the typical sites and surgeries addressed in the pressure sore patient.  
  - Identify both patient centered and interprofessional strategies for preventing recurrence of pressure sores.  
- Pearls for a Successful Office  
  Guy Williams, CMPE  
  **Objectives:**  
  - Communicate more effectively with colleagues to make the plastic surgery practice run more efficiently and successfully.  
  - Explain how federal government guidelines and other factors are impacting plastic surgery practices.  
- Anaplastic Large Cell Lymphoma (ALCL)-Defining The Process For Management of Late-Term Periprosthetic Fluid.  
  Mark Jewell, MD  
  **Objective:**  
  - Describe a process for the evaluation of periprosthetic fluid in breast implant patients.  
- Reconstruction of the Sarcoma Defect  
  James H. Boehmmler, MD  
  Susan M. Lamp, BSN, RN, CPSN  
  **Objectives:**  
  - Explain the decision making process for plastic surgical reconstruction following sarcoma resection.  
  - Discuss the patient education needs of the patient and family members undergoing sarcoma reconstruction.
Delivering Patient Centric Care: Fact or Fantasy
Marie Oleson, CEOP, LJCSC

Objectives:
- Discuss concept of patient-centered care.
- Review patient lifecycle and nursing communication plans per step in lifecycle.
- Elicit patient feedback to validate care and communication program.
- Boost team performance with 360 degree team review system.

10:20 a.m. - 11:20 a.m.  General Session IX
It’s Easy to Get Social - The Beginners Guide to Web 2.0
Michael Mitchell

Objectives:
- Understand how to set up Twitter, Facebook, and a blog and link them all together.
- Discuss various aspects of Web 2.0 and identify the outlets that interest their practice most.

11:30 a.m. - 1:30 p.m.  Lunch Symposium
Supported by Merz
Facial Rejuvenation with Liquid Contourplasty
John J. Obi, MD, FACS

Objectives:
- List several aesthetic effects and the anatomical changes resulting from the aging facial components.
- Discuss various causes and changes in the aging facial anatomy.
- Accurately assess and plan the appropriate placement of soft tissue injectables to provide a more natural looking appearance by putting the “V” shape back into the aging face.

1:45 p.m. - 2:45 p.m.  General Session X
When Bad Things Happen to Good Nurses: Discovery to Recovery
Cynthia McDonough, RN, CPSN, CNOR, CSPDT

Objectives:
- Identify the key elements of a Root Cause Analysis.
- Identify the key elements of the Failure Mode Effects Analysis.

2:55p.m. - 3:55 p.m.  General Session XI
Correction of Rhinoplasty Deformities
Marc E. Yune, MD
Tracey Gregory, NP-C

Objectives:
- Identify patients who are candidates for non surgical correction vs. surgical correction of rhinoplasty deformities.
- Educate these patients in order to enable them to make informed decisions regarding their treatment.

4:00 p.m. - 4:10 p.m.  New Orleans Sneak Peak
4:15 p.m. -5:15 p.m.  General Session XII
Self Care in Health Care
Rebecca Anderson, PhD

Objectives:
- Evaluate current stress level for both personal and occupational stress.
- Identify methods to manage stress using 4 major strategies.

Posters

P1. Communication Between Breast Cancer Patients and Their Physicians about Breast-Related Body Issues
Mallory Cohen, M3; Rebecca Anderson, PhD; Kathleen Jensik, MCW; Alonzo Walker, MD

P2. Plastic Surgery in a Publicly Funded Healthcare System, the British National Health Service Experience
Daren Edwards, RGN, ENB 264, CNS; Susie Michie, BN, RN, ENB 264, ENB N41 HDU; Lyn Selim, BSN, RN, CNS Scar Management

P3. A Holistic Retreat for Adolescent Girls Recovering from Burn Injuries
Victoria Vandenberg, RN, BS, MBA

P4. Novel Herbal Formula Superior to Petrolatum in Cutaneous Healing
Carl Thornfeldt, MD

P5. Efficacy of Natural Vitamin E Tocotrinol on the treatment of Surgical Scars
OSU Plastic Surgery

Exhibitor Product Descriptions

ALLERGAN
2525 Dupont Drive, Irvine, CA 92612
Allergan Medical, offers the most comprehensive, science-based, aesthetic product offerings, including BOTOX® Cosmetic; hyaluronic acid and collagen-based dermal fillers and LATISSE® (bimatoprost ophthalmic solution) 0.03%. Allergan Medical also offers the industry’s widest range of silicone gel-filled and saline-filled breast implant options for reconstructive and aesthetic breast surgery. www.allergan.com

AMERICAN CLEFT PALATE - CRANIOFACIAL ASSOCIATION
1504 East Franklin Street, Suite 102, Chapel Hill, NC 27514

ANGIOTECH
100 Dennis Drive, Reading, PA 19606
The Quill™ knotless tissue-closure device is indicated for soft tissue approximation. The unique barb design within the Quill™ device allows for distribution of tension across the entire length of the wound or tissue being approximated, and eliminates the need for an interrupted suture technique or knot-tying. www.quilldevice.com, www.angiotech.com

BIO-OIL PACIFIC WORLD CORPORATION
25800 Commercentre Drive, Lake Forest, CA 92630
Bio-Oil is a specialist skincare product that helps improve the appearance of scars, stretch marks, and uneven skin tone. Its advanced formulation, which contains the breakthrough ingredient PurCellin oil, also makes it highly effective for numerous other skin concerns including aging and dehydrated skin.

CARECREDIT
PO Box 1710, Costa Mesa, CA 92628-1710
Exclusively endorsed by the ASPS®, CareCredit®, is a health and beauty card designed to give patients a low monthly payment option to pay for their cosmetic procedures not covered by insurance. CareCredit, a part of GE Capital, is available at over 150,000 practices nationwide. For more information call 866-247-3049 ext. 2. www.carecredit.com

CCD JEWELRY / NAMES TO GO
1713 Executive Lane, Glenview, IL 60026
Quality jewelry at affordable prices.

DERMIX
55 Corporate Drive, Bridgewater, NH 08007
Dermix is the dermatology business of sanofi and has developed, marketed and distributed innovative prescription pharmaceutical products for nearly 60 years. www.sanofi.us

EPIONCE / SPISCIES, INC
10211 W. Emerald Street, Boise, ID 83704
Developed by clinical dermatologist, Dr. Carl Thornfeldt, Epionce cosmeceutical products combine a highly effective delivery system with active botanical antioxidant and anti-inflammatory ingredients in proven therapeutic concentrations. Epionce formulas work with the skin’s natural healing system to build a stronger, healthier skin barrier that resists the effects of aging and disease while preventing destructive inflammatory factors in the skin. Epionce products are researched, developed, produced and distributed by Episciences, Inc. Over two decades of skin research by Dr. Thornfeldt culminated in the development of this highly effective, non-prescription, dermatologically-based product line. www.epionce.com

HEART&CORE ATHLETIC APPAREL
2430 Flag Ave S., St. Louis Park, MN 55426
heart&core Athletic Apparel is owned by sisters Jen Swendsen and Lara Severson, who developed their core product, the Ultimate Support Sports Bra, with their mother, a two-time breast cancer survivor, in mind. This design lifts, encapsulates and compresses with adjustable straps and base in two styles: pullover and side opening. www.heartandcore.com

MEDICO INTERNATIONAL/ CONTEMPORARY DESIGN INC.
PO Box 3082, Palmer, PA 18043
Visit Medico International and Contemporary Design to see our latest additions to the Sculptures Compression Wear line. Sculptures features breathable fabrics and utilizes BodyScan technology to hug every curve with universal compression. We continue to advance our compression garments while maintaining the quality you expect and the modest price you love! www.medicointernational.com

NURSES SERVICE ORGANIZATION – NSO
159 E. Country Line Road, Hathboro, PA 19040
Nurses Service Organization, NSO (Aon Affinity) is the #1 provider of professional liability insurance for nursing professionals, with over 1 million individuals and businesses as clients. NSO has been service the healthcare community’s risk management needs for over 30 years. aon.com, nsos.com, hpsos.com

PROMEDICS PRODUCTS, LLC
1251 Pondview Lane, White Bear Lake, MN 55110
Promedics Products is home of the Drainage Bulb Holder which is used to secure up to four post-operative drains. Use promotes maximum drain function, patient comfort, and prevents accidental dislodgement. It is now available in a new kit form as well as individually. Both products prevent complications and improve outcomes. www.promedicsproducts.com

SYNOVIS SURGICAL INNOVATIONS
2575 University Avenue W, St. Paul, MN 55114
Synovis Surgical Innovations will feature Veritas® Collagen Matrix, a biomaterial for soft tissue repair that is rapidly revascularized and repopulated by surrounding host tissue. Synovis Surgical Innovations has been providing soft tissue repair solutions for over 25 years. Building on years of experience, Synovis has developed best in class products with over 2 million implants around the world. www.synovissurgical.com

THE MARENA GROUP
650 Progress Industrial Blvd., Lawrenceville, GA 30043
Combining clinical testing with extraordinary service, The Marena Group is the leading manufacturer of surgical compression garments, partnering with medical professionals in 70 countries to improve patient comfort and garment function. With our ComfortWear® and ActiveWear/ShapeWear lines, we work with you to grow your business and extend your patient relationships. www.marenagroup.com
